Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' process for producing 2,4'-dihydroxydiphenylsulfone is unobvious over the prior art of record because the prior art of record does not teach or suggest obtaining 2,4'-dihydroxydiphenylsulfone via the crystallization of 2,4'-dihydroxydiphenylsulfone from a mixture as presently claimed, wherein the crystallizing of the 2,4'-dihydroxydiphenylsulfone is done by adjusting a composition of a solvent of an obtained mixture so that a ratio of an amount by weight of phenol to an amount by weight of water is in a range of 10:90 to 90:10. All claims (1 and 2) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elvis O. Price whose telephone number is 571 272-0644. The examiner can normally be reached on 8:30am to 5:00pm.
